

EVEREST SYSTEMS

Houston, TX

March 31, 2026

Dear Valued Customer,

We sincerely appreciate your partnership with Everest Systems and the confidence you place in us to deliver high-quality spray polyurethane foam products. We remain committed to providing the reliable products and service you have come to expect.

Please be advised that, effective April 15, 2026, or as existing contracts allow, Everest Systems will implement a 15% price increase on all Spray Polyurethane Foam Systems.

This adjustment follows thorough evaluation as we continue to navigate ongoing market challenges. Significant and rapid increases in crude oil and petrochemical feedstocks have created volatility in the cost of key raw materials. In addition, we are experiencing supply chain constraints, delays, and rising fuel and transportation expenses.

Your sales representative will be reaching out to discuss these changes and address any questions you may have.

Thank you for your continued partnership and understanding.

Regards,

Justin Taylor
Vice President - SPF
