

## Price Adjustment for HBS Spray Foam Insulation

March 16<sup>th</sup>, 2026

Dear Valued Customer,

We greatly appreciate your continued partnership and trust in our spray foam insulation products and services. Our commitment is to deliver high-quality solutions and maintain the high standards of service you have come to expect from us.

We would like to inform you that, effective April 15<sup>th</sup> or as contract allows, there will be a price adjustment for our spray foam insulation products. The price increase on all products will be:

- US \$0.14 per pound (lb)

This decision was not made lightly. We continue to face a series of unprecedented challenges, including volatile cost of raw materials, ongoing supply chain shortages and delays, and significant increases of fuel and transportation costs.

We value your understanding and support. If you have any questions regarding the new pricing or would like to discuss your specific requirements, please do not hesitate to contact your Territory Manager.

Thank you for your continued business and partnership.

Sincerely,

Douglas Brady  
President, Huntsman Building Solutions
